

Caprieze

Description:

Dive into this gorgeous wax crackle leather featuring a desirable ageless look. Caprieze is an old world aged leather with a buttery hand that is aniline dyed for color and receives a unique oil and wax treatment to create the dramatic crackle effect. Caprieze is a versatile leather that is perfect for today's shifting styles. Produced on select European cowhide, natural characteristics such as healed scars, neck and belly wrinkles will be visible but blend with the natural look of Caprieze. This leather will only improve with age and provide a rich distressed look for years to come.
