

## Wild West

Distressed, worn, weathered and aged all describe Wild West. The reinvented year of the rustic dusty cowboy was the inspiration for this leather. Wild West is aniline dyed for color and will exhibit color variation which speaks to its natural beauty. Wax is added to create the broken appearance and is brushed to add the dusty surface. This leather will continue to age and develop a patina that will add to its timeless appeal. Expect Wild West to exhibit natural characteristics such as healed scars and brands as well as a color variation from lot to lot.

### **Details:**

Finish Type: Aniline

Content: Argentine Cowhide

Country Finished: Argentina

Size: 45 sq ft +/-

Thickness: 1.1-1.3 mm

### **Technical Information:**

Adhesion (IUF 470)	Pass
Rub Test (ISO 11640)	
Dry	4
Wet	3/4
Sweat	3/4
Flex (ISO 5402) 20k	Pass
Light Fastness (ISO 105-B02)	3
Cal 117-2013	Pass
